

EL CAPITAN'S KENNEL

STUD DOG BREEDING CONTRACT Live Cover

This is a breeding agreement between **Morgen S. Magnuson** (stud owner), and _____ (bitch owner), for the breeding of, male Border Collie, **IMP CAP I #108051**, to Border Collie _____ (bitch), for a **stud fee of \$500.00**.

Dam Requirements

The owner of the dam must submit copies of the dam's registration certificate, herding and/or other accomplishments for bitch approval.

An OFA "Good" certificate or hip x-rays certifying that the bitch is free of hip dysplasia must be received prior to breeding.

Dam must be free of any hereditary eye ailments, i.e. Progressive Retinal Atrophy (PRA) and Collie Eye Anomaly (CEA). A copy of the certificate by a Board Certified Ophthalmologist must be provided.

A current (within 14 days) "negative" Brucellosis certificate must be delivered with the bitch. Proof of current vaccinations, including Rabies is required.

Stud Fee

Stud fee is \$500.00. One half is due at the time the bitch is delivered and the remaining half is due when the pups are born. The breeding certificate will be provided when the final payment is received.

The stud dog owner reserves the right to pick of litter, in lieu of payment. If the stud owner decides to take a pup, the initial \$250.00 will be refunded. If the bitch owner will be keeping a pup for themselves, the stud owner will take second pick and let the bitch owner have first pick. No pups are to be sold prior to the stud owners pick. The puppy will be chosen and picked up at seven weeks.

Additional Fees

There will be a boarding fee of \$10.00 a day. It is preferred that the bitch does not stay any longer than seven days. Therefore, the bitch needs to be standing (ready to breed) when she is delivered.

Any veterinarian bills incurred due to illness of the dam are the responsibility of the bitch's owner. Any charges for artificial insemination, progesterone testing, etc. will be the responsibility of the dam's owner.

All fees must be paid in full, prior to picking up the bitch. An itemized bill will be provided.

Stud Owner's Responsibilities

Stud owner will make every effort at natural breeding. If natural breeding does not take place or it is determined that it is not in the best interest for the health and safety of either dog, the breeding will be terminated. The dam's owner will be offered artificial insemination options or a refund.

If the bitch is not pregnant, the \$250.00, received at time of breeding, will be refunded or a rebreed by A.I. option will be given. Bitch owner must pay all A.I. costs. However, if A.I. is chosen the initial \$250.00 will not be refunded if the bitch does not conceive.
